

Importer Security Filing (ISF) Program  
Customer ISF Filing Status

Title 19, Part 149, Sec. 149.1 (a), extract: “*Importer Security Filing Importer*. For purposes of this part, “Importer Security Filing (ISF) Importer” means the party causing goods to arrive within the limits of a port in the United States by vessel.”

Title 19, Part 149, Sec. 149.2 (a), extract: “*Importer security filing required*. For cargo arriving by vessel ... the ISF Importer ... must submit in English the Importer Security Filing elements ... within the time specified ...” [no later than 24 hours prior to cargo lading on board vessel]

W&L International Express, Inc. has developed an internal Importer Security Filing program that will assist its customers in submitting their ISF Filings to CBP. In order to assist you to determine the procedures that best fit your requirements, please select the following ISF filing process applicable to your needs.

1. Customer will file ISF directly via W&L International Express, Inc. ISF Web Portal: the customer elects to handle all ISF filings directly by entering required data in W&L web-based ISF program. Customer will create or complete ISF filings, and transmit them to CBP; including handling any reject messages, do not load messages, amendments, or deletions.

YES \_\_\_\_\_

2. Customer will have W&L International Express, Inc. handle their ISF filings: the customer elects to utilize W&L International Express, Inc. to handle their ISF filings. W&L will receive booking information, obtain ISF data elements, create ISF filings, and transmit them to CBP; including handling any reject messages, do not load messages, amendments, or deletions.

YES \_\_\_\_\_
